

HOLIDAY HARBOR “SHOW US YOUR SOW” RED SNAPPER TOURNAMENT

In appreciation of its customers, Holiday Harbor Marina will hold a red snapper fishing tournament restricted to its account customers. The eligibility requirements, tournament dates, tournament rules, winner selection and awards are described below.

Participant Eligibility: The tournament is open only to customers of Holiday Harbor Marina who have an active charge account with the marina at the time they register for the tournament, including wet and dry contract storage customers and non-storage customers who have a current charge account, including employees. Boats that have been used for charters in the year 2019 are not eligible for the tournament.

Tournament Dates: The tournament opens at 12:01 a.m. on June 11, 2019 and ends at 6:00 p.m. on July 12, 2019. These dates coincide with the Red Snapper recreational season for the State of Florida and are subject to change if the state closes the season early.

Registration Requirements: Each eligible customer or employee who wishes to participate in the tournament must register.

- a. Registration requires a valid Florida Fishing license (or documentation of exemption from license requirement).
- b. Registration can be done prior to the beginning of the tournament or during the tournament. Those who register after the start of the tournament must wait 48 hours after registration before weighing a fish in the tournament.
- c. Registrations will be accepted beginning May 1, 2019, at the office of Holiday Harbor Marina either in person or by mail (14050 Canal-a-Way, Pensacola, FL 32507) or by fax at 850-492-2483. (See registration form for details.)

- d. Registration fee is \$50.00 per boat and can be paid by cash, check or credit card at the time of registration. (The registration fee may not be charged to a customer account.)
- e. A Tournament Package for registered participants will be available for pick up at the marina office beginning June 1. It will include a copy of these tournament Rules and Regulations, a boat registration placard that must be shown when arriving by boat to weigh a fish, a tournament t-shirt and other goodies, all provided in a 5-gallon bucket provided by Ace Hardware.

Tournament Rules

- a. To be eligible, all fish entered must be caught during the tournament period (see dates above) and must be weighed the day they are caught. When bringing a fish to be weighed, it must be accompanied with the tournament placard provided in the tournament package and designated for the registered boat. For record purposes, a picture of the placard along with the customer, fish, and scale reading will be taken at the time of weighing the fish. **Any fish brought without the tournament placard will not be eligible to be weighed.**
- b. All fish must be caught on rod and reel. Fish caught by spear, trap, net or other entangling device, harpoon, snag or foul hook are not qualified and will not be weighed.
- c. All fish must meet the Florida and Federal size limits and other regulatory requirements. Holiday Harbor Marina is legally obligated to report violations of regulatory requirements, including minimum size lengths and possession limits.
- d. **All fish must be brought to the weigh station by a registered boat;** delivery by car, non-registered boat or walk-up will not be accepted.
- e. All fish must be weighed at the weigh station located near the south fuel dock at Holiday Harbor Marina. The IGFA-certified weigh scale will be open daily 1 hour after the marina opens and will close daily 30 minutes before the marina closes. All tournament entrants physically **on land in the weighing line with their fish** at the designated closing time (see above) will be permitted to have their fish weighed. Those

not physically in the line at the designated closing time will not be permitted to join the line or have their fish weighed.

- f. To support conservation of red snapper, a registered boat is limited to weighing only one (1) red snapper per day.
- g. All fish must be in acceptable condition at time of weighing. Fish must be in whole condition to be weighed; partially eaten fish are not eligible. The weigh station reserves the sole right to reject any fish entry due to poor condition, mutilation or having been frozen.
- h. To verify condition and other characteristics, all fish are subject to random gutting. Failure to allow gutting by the weigh station will result in disqualification of the fish in question.
- i. Violation of any of the aforementioned **Tournament Rules** will subject the participant to disqualification from the tournament with forfeit of registration fee.

Winner Selection: Tournament winners will be determined by the weight of a single red snapper. Five (5) prizes will be awarded: 3 for the fish weighing the most, 1 for the fish closest to a Wildcard Weight, and 1 for the SSG Reservation for two.

- a. **1st – 3rd Place:** The three (3) snappers caught and weighed during the period of the tournament (as specified above) that individually weigh the most will be the top 3 tournament winners, with the snapper weighing the most being the first place winner, the snapper weighing second most being the second place winner, and the snapper weighing third most being the third place winner. For the top 3 places there is a guaranteed total payout of \$1,000.
- b. In case of a tie for the first 3 places, the first fish weighed will be considered the winner at that level and the second fish weighed will be considered the winner for the next level (up to 3rd place).
- c. **Wildcard Weight:** This award will go to the weighed fish that comes closest to a Wildcard Weight between 10 and 15 pounds. The Wildcard Weight will be determined at the end of the tournament by a random

drawing of possible weights (pound and ounce) between 10 lbs. and 15 lbs.

- d. **SSG Reservation for Two:** This award will go to the length-legal fish that weighs the least (the smallest, legal-size red snapper weighed).
- e. In case of a tie for the Wildcard Weight or SSG Reservation for Two awards, a drawing will determine the winner.
- f. An individual boat may win at only one level and receive only one award; only one award/ prize per registered boat.
- g. Weighing decisions and award determinations of the tournament committee are final.

Tournament Awards: The awards for each winning place will be:

- 1st Place: 50% of entry fees (minimum \$500) and 1 pair of Costa Del Mar Glasses from Marina Selection
- 2nd Place: 30% of entry fees (minimum \$300) and 1 Magellan, 75 Quart, Cooler (provided by Davison Fuel, Inc.)
- 3rd Place: 20% of entry fees (minimum \$200), 1 Shimano Tackle Bag and 1 Bubba Blade Filet Knife
- Wildcard Weight Prize: Red Snapper closest to the Wildcard Weight: a gift certificate to Sunset Grille and 1 Frabill Bait Pen
- SSG Reservation for Two: Red snapper of legal length that weighs the least: a gift certificate to Sunset Grille.

Additional Prize (can be won together with award above)

- Sea Tow Bonus – the largest snapper weighed by a Current Sea Tow member will receive an additional \$500 paid by Sea Tow.
- a. Awards will be announced the day after the closing of the weigh-in on the final day of the tournament and will be posted as a banner on the marina website, www.myholidayharbor.com, the following day. Current standings for the first 3 places will be provided weekly on the marina website and available on a “standings” board in the Main Marina Office and the North Store.

- b. Winning anglers will be notified July 13, 2019, and can receive their awards by claiming them in person at Holiday Harbor Marina (or by making other arrangements). All awards must be claimed by August 15, 2019.

Tournament Administration

- a. Questions concerning tournament rules or other matters related to the tournament should be directed to Shane Bizzell, Manager, Holiday Harbor Marina.
- b. By registering and participating in the tournament, participants agree to having pictures taken of them and their weighed fish, and to the publication of such picture on the Holiday Harbor Marina website and in other publications/media as may be deemed appropriate.

[Final: 4/13/2019]
